

Tecnotitlan Personal Data Protection Policy

Effective date: 2026-07-05

Purpose

Tecnotitlan protects personal data used for ecommerce operations, customer support, order fulfillment, payment processing, marketplace operations, and business administration.

Personal Data Processed

Tecnotitlan may process customer name, email, phone number, shipping address, order details, support messages, payment status, tracking information, and marketplace order identifiers.

Processing Purposes

- Create and manage customer accounts.
- Process orders and payments.
- Fulfill shipments and provide tracking updates.
- Provide customer support.
- Manage inventory, returns, refunds, and marketplace operations.
- Comply with tax, legal, and business obligations.

Access and Confidentiality

Personal data access is limited to authorized staff with a business need. Administrative access is protected by authentication and role-based permissions.

User Requests

Tecnotitlan will assist with valid requests to update, delete, or provide customer data when required by law, seller obligations, marketplace requirements, or platform policy.

Retention and Deletion

Personal data will be retained only as needed for business operations, legal obligations, tax records, customer support, fraud prevention, and marketplace requirements. At the end of a contractual relationship, data no longer required will be deleted or anonymized where practical and legally permitted.

Breach Notification

Tecnotitlan will review suspected data incidents and notify affected parties, sellers, service providers, TikTok Shop, or authorities when required by law or contract.
